

## Storm Warning System to Be Tried Here

A warning system to alert this area in event of storms was officially set up last week and a practice alert will be held as soon as details of the system can be worked out.

Victor Cobb is director of the system which includes City and State and County police, Station KXAR, Game and Fish Commission and Civil Defense officials.

Speakers at the organizational meet were Mr. Cobb, John Wilson, chief meteorologist of the U. S. Weather Bureau, Shreveport.

Under the plan, severe storm warnings will be given by radio. All warnings will go direct to Hope City Police department which has been designated as the central warning point. City Police in turn will notify KXAR, the fire station, Bell Telephone Co. If the storm warrants Southwestern Bell will place whatever emergency calls are necessary — alerting schools, hospitals etc.

Alarms will be issued only in the event of actual severe storms in or near this area.

Mr. Cobb indicated today he would soon have plans for a practice alert completed.

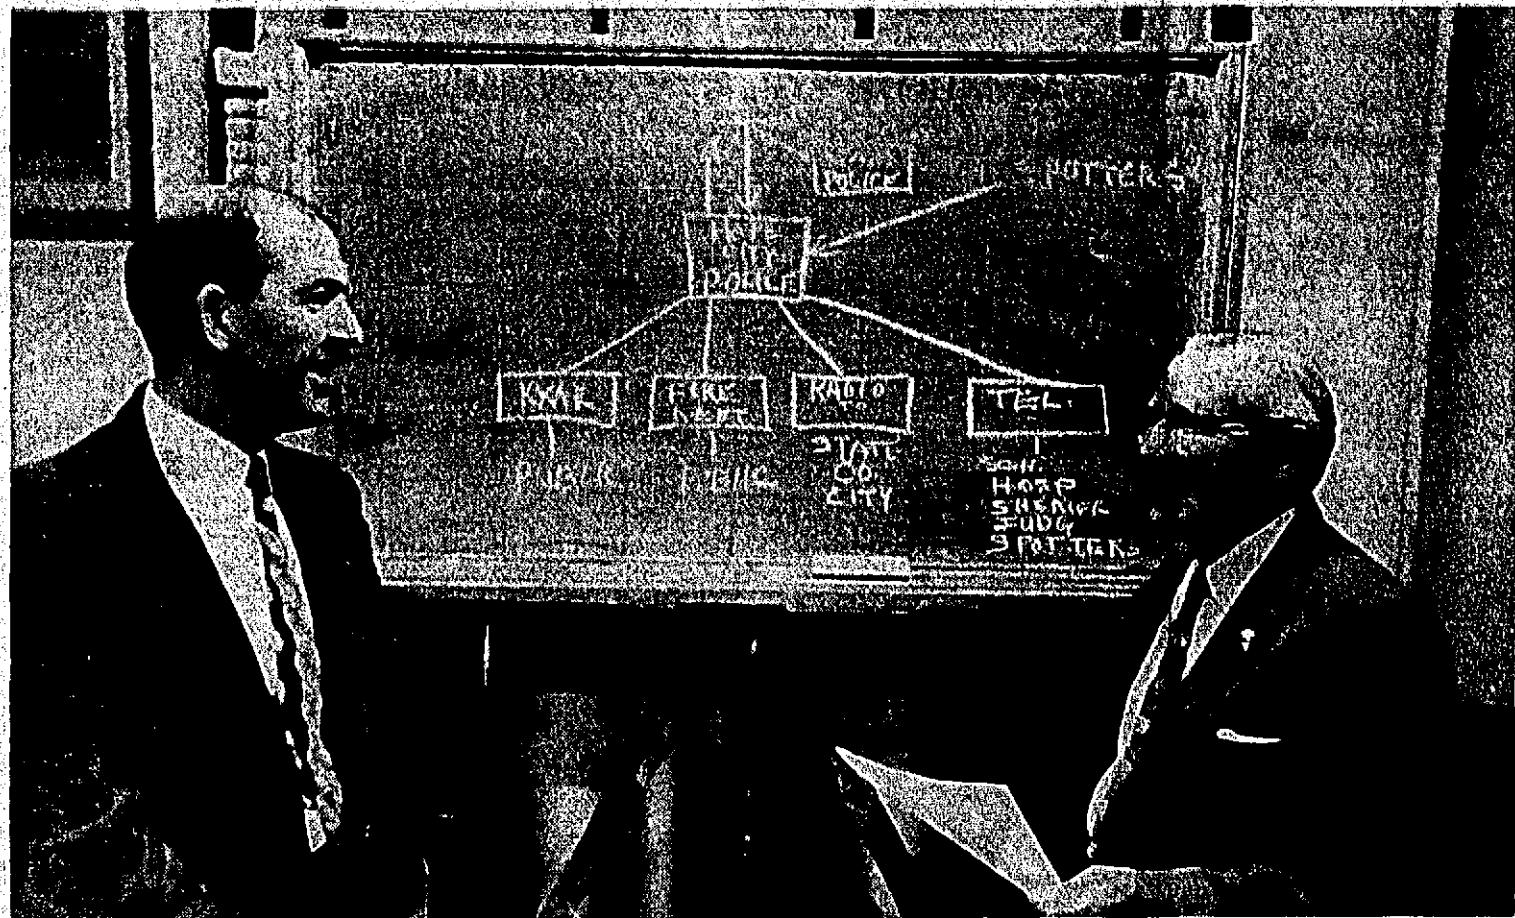

Actual spotters in this area include:

Mr. and Mrs. Slim Collins, Spring Hill; Mr. and Mrs. G. E. Barwick and Mr. and Mrs. Foy Hammons, Rocky Mount; Mr. and Mrs. Eldridge Formby, Patmos; Mr. and Mrs. Ware Garrett, Emmet; Bill Etter, who also suggested Dub Pinegar, Washington; Mrs. Chlorea City, Ozan (mentioned as a possible, since she is always watching for storms anyway);

Mr. and Mrs. Sam McGill, and Jim Moore, Fulton; Roy Fry, Guernsey; Mr. M. H. Peebles, Saratoga, (he will also find another spotter there); Mr. and Mrs. Clarence Gilbert, Columbus; and Cross Roads; Mr. and Mrs. Clold Bittick, McCaskill; Rufus Wolff, Blingen; Ralph Boyce, Blevins; Mrs. Hollis Samuels and Jewel Burke, DeAnn; Corn Belt Hatcheries, all over the area; Arkansas Game & Fish Commission; Dale Bonds and Lester Wade; Bob Ottwell at Shover Springs (his name was mentioned, he was not actually there).

These names were given by Tom Silvey. Mr. and Mrs. Earl May, Elvener; Mr. and Mrs. Junior Goodman, Route 2, Rossion; Mr. and Mrs. Clark Butler, Route 2, Rossion; Mr. and Mrs. R. E. Dillard, Route 6, Prescott; Tom Silvey, Bodcaw.

## Tornado Alert System Set Up for This Area

A TORNADO ALERT SYSTEM was set up for this area at a county-wide meeting in Hope city hall last Friday night. TOP PICTURE shows (left) Victor H. Cobb, county chairman, and B. P. Hughes, meteorologist in charge of the Shreveport Weather Bureau station, who explained the tornado warning system. The local organization is outlined on the blackboard behind the two men. BOTTOM PICTURE shows the crowd in the city council room, comprised largely of volunteer weather "spotters" and officials who will participate in the program.

## American Army Deserter Hides 14 Years in French Woman's Home, Father Five Children

ST. QUENTIN, France (UP)—Police said today a 37-year-old American Army deserter hid for 14 years in the home of a local woman and fathered five children while in hiding.

The arrested Wayne Powers, a Missourian, in the home he made with his common-law wife and their children. His home town was not available.

A search by U.S. military police had failed to locate Powers in his hiding place beneath the stairs.

Police said Powers' wife worked in a textile factory and that he rarely left the house. He cleaned the house and did the cooking while his wife was at the factory.

Powers was captured Saturday in his home at Mont Dorigu, a village 40 miles from the Belgian frontier. He was in police custody and may be turned over to the army. He could face a charge of deserting in wartime.

Powers was a member of the 1st Army. Police said he deserted because he fell in love with Yvette Releuse when his unit was stationed near the Belgian border during heavy fighting in Belgium between the Americans and the Germans.

The oldest child is a daughter, Dorothy, aged 12. The youngest is 12 months. Their names are Dorothy, Jimmy, Harry, Douglas and Freddy.

Yvette spoke no English and Powers no French when they first met. Since then she has learned English and he French.

Two years the villagers did not know he existed because, if he left the house he left it at night. The children never talked about him, but in recent months rumors spread that he was living with Yvette.

## Ozan Creek Meet at McCaskill Tuesday

There will be a meeting of the Ozan Creek Conservation District at McCaskill Community building at 7:30 Tuesday night. Bill Johnson, Little Rock, will explain how to qualify such projects. George Brown of Hope and Mrs. Daniel of Nashville will also attend. All farm owners in Ozan Creek area are urged to attend.

## Court Directs Wife Entitled to Share

LITTLE ROCK (UP)—The Arkansas Supreme court directed Columbia probate court today to give Mrs. Alpha Horn her share of furniture and other items from the estate of Dr. W. H. Horn.

The court said as his widow, she was entitled to the items. It upheld the probate court, however, in its refusal to give her several articles which were in the estate of Bertie Horn, the doctor's first wife.

## J. E. Atchison, 71, Dies at His Home Here

James Ed Atchison, aged 71, died today of a heart attack at his home here. He was a long time employee of Hope Hardware Co.

Survivors include two daughters, Mrs. Kenneth Henderson of Tulsa, Mrs. Henry Smith of Hope, a stepson, James Rattlett, Farmington, N. M., a sister, Mrs. Amie Dagley of Burger, Texas.

Funeral services will be held at 2 p.m. Tuesday at First Baptist Church by Dr. John McCallahan. Burial by Henderson-Cornelius will be in Memory Gardens.

Active pallbearers: LaGrone and Grady Williams; Henry Haynes, Willis and Hubert Thrash and Buck Davis.

## British Airline Plans Snagged

LONDON (UP)—British European Airways has hit a snag in its plan to open a service to Moscow this summer. It can't get air hostesses who speak Russian.

"We have heard from a few girls but either they don't have the necessary qualifications or they're not interested in flying," a B.E.A. spokesman said.

Passengers on the new route will have to make do with hostesses speaking English, French and German.

## To Discuss Timber, Land Improvement

A program showing the latest methods for timber stand and range improvement, including aerial spraying, will be given Wednesday, March 26 at 7:30 p.m. at the courthouse, according to George F. Brown of the Soil Conservation Service.

The main speaker will be Hurlon Ray, range specialist of the Soil Conservation Service, Fayetteville. Mr. Ray is known nationally for his work in timber stand and range improvement. He has a complete color slide program showing the latest methods for woodland and range improvement.

Along with Mr. Ray will be Claude Hall, representing the Hall Flying Service of Clarksville. Mr. Hall will explain the control of cull and weed trees by airplane spraying.

"All persons interested in woodland and range improvement are urged to attend the Wednesday night meeting," Mr. Brown said.

## Travis Mathis to Seek His Third Term

LITTLE ROCK (UP)—Two men seeking reelection as prosecuting attorneys filed their corrupt practices pledges today with Secretary of State C. G. Hall.

Travis Mathis, of Arkadelphia filed for his third term as prosecutor in the Eighth Judicial District, composed of Clark, Lafayette, Hempstead, Nevada and Miller counties. Mathis is 35 years old, married and the father of three children.

Wayne Boyce of Tuckerman filed for his second term as prosecutor in the Third Judicial District made up of Independence, Jackson, Lawrence and Stone counties.

Prosecuting attorneys hold office for two years.

## Rookie Patrolman Shoots a Friend

MIAMI (UP)—A rookie patrolman has been suspended from the police force for shooting a friend in the stomach while showing him how to disarm a person.

Officials said Officer Philip M. Sublette, 21, told detectives he pointed a loaded pistol at Lester Kelly, 22, and told Kelly to disarm his wrist. The gun went off accidentally. Kelly was reported in fair condition.

## Super Highway Route to Be Discussed Here

The proposed Interstate Highway route through Hempstead County will be discussed at a public meeting Tuesday, March 25, at 10 a. m. in Hope City Hall.

Principal speaker for the meeting will be Herbert Eldridge, director of the Arkansas Highway Department, along with division and department heads.

The visitors will explain details taken from a large map showing the general location of the Interstate route through this county. A motion picture about road construction will also be shown, according to W. E. Hicks, district engineer.

All interested persons are urged to attend and take part in a general discussion.

## Jamie Russell in Race for Circuit Clerk

The Star today was authorized to announce the candidacy of Jamie Russell for the office of Circuit Clerk. Mr. Russell issued the following statement:

"I was born in Hempstead County and attended Hope Public Schools. I married the former Joyce Murphy and we have two girls, ages 6 and 7.

"At the present time I am engaged in the farming business with my father, Clifford Russell.

"I am 26 years old and believe that we must have young people interested in our county government in order for us to grow and make progress. I am a member of the board of directors of the Hope Lions Club and the Hope Boosters Club. I have been a member of the National Guard for 10 years and now hold the rank of Master Sergeant.

"I assure you that as your Circuit Clerk I will handle your office in a business like and courteous manner. I take this opportunity to ask for your support and vote in the coming election."

## MONKEYS GET SEASICK

NORFOLK, Va. (UP)—A load of 183 monkeys stopped briefly for seasickness treatment here Sunday, then continued their journey to New York. The simians became ill on a 14-day voyage from Freetown, South Africa. Five of them died before reaching port.

## Reveals Union Leaders Steal \$10 Millions

By JOHN A. GOLDSMITH  
United Press Staff Correspondent  
WASHINGTON (UP)—The Senate Rackets Committee reported today that union officials, including an infiltration of "gangsters and hoodlums," have "stolen, embezzled or misused" more than 10 million dollars from five unions.

It said the 13-year total amounts to "an average of \$2 out of the pocket of every member of the unions covered." The statements were contained in a 12,000-word first installment of the committee's formal report on its first year's operations.

One committee member — Sen. Pat McNamara (D-Mich.) — lambasted the financial estimates as unsupported "statistical perversion." In a sharply worded dissent he said the report had an "anti-labor bias" making it read like "a blanket indictment of the labor movement."

The five unions covered by the committee report were the teamsters, Bakers, Operating Engineers, United Textile Workers and Allied Industrial Workers. The United Automobile Workers, now under investigation, was not included.

The report included detailed findings in alleged improper practices by both union and company officials and some lawyers. It recommended legislation to control union funds, promote union democracy, curb activity of labor management "middlemen" and clarify what it called a jurisdictional "no-man's-land" between state and federal regulatory agencies.

It did not spell out specific legislative proposals. And it reserved for a future 100,000-word installment most of the committee's comments on the giant Teamsters Union and two of its controversial officers — past President Dave Beck and James R. Hoffa, the current president.

Also reserved for a future report were findings on the Allied Industrial Workers Union which featured testimony on labor-management deals of New York hoodlum Johnny Dio.

Labor Secretary James P. Mitchell, commenting on the report, said he was "pleased" that the legislative proposals "as far as they go follow generally" President Eisenhower's recommendations.

Calling for speedy action by both houses on the President's proposals, Mitchell accused the House Democratic leadership of "apparent indifference toward the welfare" of the public and workers by failing even to schedule hearings on "this vitally needed legislation."

The report, disclaiming any "wholesale indictment," said the committee was "firmly convinced" of the integrity of "the overwhelming majority" of labor unions and businessmen.

## Emmet Senior Class Play Friday Night

The Senior Class of Emmet High School will present "Betty Jane, From Punkin Lane," a three-act comedy by James F. Stone, Friday night, March 28 at 8 p.m. in the school auditorium.

The cast includes Stephen Cole, Elizabeth Hood, Peggy Cummings, Troy Whitaker, Helen Dougan, Alice Boyett, Larry Faulkner, Betty Arnette, Martha Rowe, James Daniel, Tilman Coffee and Anna Trexler.

Directors are Mrs. W. M. Tompkins and Malcolm L. Burnette.

## All Around Town

By The Star Staff

Groups of local youths, if they keep up the present trend will eventually force action that will curb all night activities although many are innocent, nevertheless, all will suffer if such action comes about. F. Smith has a curfew which is being strictly enforced and Hope officials may be forced to take the same action.

The latest in a series of incidents occurred Saturday when so-called "gangs" met at the old administration building in the Proving Ground to fight it out. It wasn't a little thing. Officers estimated from 75 to 100 boys and girls were involved. Police broke it up before anything occurred. Parents would do well to find out where their sons and daughters were Saturday night because whatever it was to stop this silly business will require some effort on the part of parents.

Principal Julius Adams and

## Rulings in State High Court

LITTLE ROCK (UP)—The Arkansas Supreme Court took the following action today:

John H. Hubben, Admr. vs. Mid-Continent Life Ins. Co., from White Circuit; affirmed, Chief Justice Carlton Harris.

Washington Fire & Marine Ins. Co. vs. Byron L. Rayburn, from Jefferson Circuit; affirmed, Justice J. S. Holt.

Helen McPherson vs. W. E. McPherson, from Desha Chy.; affirmed in part and modified in part, Justice Ed F. McFaddin.

Louise Chlam vs. Cary "Bud" Phelps et al., from Miss. Circuit, Chickasawba Dist.; affirmed, Justice Minor W. Millican.

Malcomb F. Scott et al. vs. Edwin L. Dunaway et al., from Pulaski Chy., 1st Div.; affirmed, Justice George Rose Smith.

S. J. Johnson vs. Roy Lee Brewer, from Pulaski Circuit, 2nd Div.; affirmed, Justice Smith.

Altha Horn vs. W. C. Horn, Admr., from Columbia Probate; affirmed and remanded, Justice J. Paul Ward.

Altha Horn vs. Clud Horn, Admr., from Columbia Probate; affirmed, Justice Ward.

E. L. McCarty et al. vs. L. D. Puckston, from Polk Circuit; affirmed, Justice Sam Robinson.

## Nasser Gets More Powerful in Arab World

LONDON (UP)—Major reshuffling of power in two parts of the Arab world confirmed today the growing power of Egypt's Gamal Abdel Nasser.

United Press correspondent Adnan Inayah, reporting from Damascus, confirmed Cairo newspaper reports that leftist Field Marshal Afif Bizri "resigned" as top Syrian army commander less than two weeks after Nasser promoted him to full general.

In Saudi Arabia, pro-Egyptian Crown Prince Faisal took over the reins of "effective" power in the wake of Nasser's charges that King Saud had attempted to block the formation of the Egyptian-Syrian-United Arab Republic.

The power plays were accompanied by unverified reports of mass arrests in Syria.

Reports in Cairo said Bizri's abrupt dismissal followed his refusal to get rid of certain officers understood to be pro-Communist. Instead, of firing them, he shifted them to new jobs.

The power shift in Saudi Arabia appeared to put a major check on the authority of pro-American King Saud, who had been one of the world's few remaining absolute monarchs.

His decree transferred to his brother, Prince Faisal, full powers as premier and foreign minister—jobs Faisal already held in title. So sweeping was the power grant that it was not entirely clear what powers remained to be exercised by Saud himself.

## H. G. Pater, 58, Formerly of Hope, Dies at Benton

Harold Glenn Pater, aged 58, a former resident of Hempstead, died Saturday in a Benton hospital. He was nightwatchman for the Little Rock Housing Corp.

Survivors include his wife, two sons, Elmer of Stamps and Glenn Ray of Little Rock; two daughters, Mrs. Betty Lou Aaron of Patmos and Jo Ann Rads of Little Rock; a sister, Mrs. Lucille Brewster of Corpus Christi, Texas.

Services were held at Oakcrest Chapel Sunday by the Rev. H. P. Hudspeeth. Burial was in Butcher Cemetery of Spring Hill, La.

## Rev. Z. B. Dally, 88, Succumbs in Local Hospital

The Rev. Zell B. Dally, aged 88, died Monday in a local hospital. A retired Baptist preacher, he came to Hope from Texarkana about 10 months ago.

Survivors include his wife, Mrs. Maggie D. Dally, four stepdaughters, Mrs. Dally Gillespie of Hope, Mrs. C. W. Russell and Mrs. Roma Cecil of Marshall, Texas and Mrs. Joe Everett of Rockport, Texas and a brother, Hale Dally of Harrison, Ohio.

Funeral services will be held at 10 a.m. Wednesday at Sullivan Funeral Home of Marshall, Texas. Arrangements are in charge of Oakcrest Funeral Home.

## Dulles Insists Foreign Aid Can Help Fight Slump

By UNITED PRESS

Secretary of State John Foster Dulles told Congress today that cutting President Eisenhower's foreign aid funds not only would endanger national security but intensify the recession.

"We all wish for additional funds, schools and reclamation projects," Dulles told the Senate Foreign Relations Committee. "But we will gain little and lose much if, in our drive for them, we recklessly tear down the very structure of the free world which makes it possible for us to enjoy in peace and freedom the material blessings we have now."

The committee is considering the President's request for \$3,000,000,000 in foreign military and economic aid. Dulles asserted the program is "an absolutely essential part" of national security. He pointed out that more than three-fourths of the money is spent in the United States. Hence, he said, it is a strong plank in the domestic economy.

Meanwhile, Undersecretary of State C. Douglas Dillon told the House Ways and Means Committee that Russia's annual industrial output may top past 100 billion dollars in the next five years. He testified in support of the President's request for a five-year extension of the Reciprocity Trade Act.

Elsewhere in Congress: Long (The House) cancelled scheduled business today to eulogize Rep. George S. Long (Mo-La.) who died Saturday of a heart ailment.

Rackets: The Senate Rackets Committee reported that union officials, including some "gangsters and hoodlums," have stolen, embezzled or misused more than 10 million dollars from five unions over a 13-year period. It said this amounts to an average of \$2 "out of the pockets of every member of the unions covered."

Economy: The House Ways and Means Committee scheduled hearings beginning Friday under the state unemployment compensation programs. The White House said the administration's plan will be submitted later this week.

Scholarship: The Association for Higher Education, representing 17,500 college administrative officers, asked Congress to provide federal college scholarships "to conserve our intellectual resources."

Mining: A mining industry spokesman asked Congress to cancel tax relief imports, controls and other aids to "save" domestic minerals producers "from disaster." Julian D. Donovan, executive vice president of the American Mining Congress, told a Senate Interior subcommittee that current rates of return on copper, lead, zinc and other metals are not enough to finance exploration for new resources.

The Unions involved in the Senate Rackets Committee's report are the Teamsters, Bakers, operating Engineers, United Textile Workers, and Allied Industrial Workers. The report did not cover the Kohler strike.

Before Dulles began testifying, Sen. John J. Sparkman (D-Ala.) said he was certain the program would be extended "but there most likely will be some cuts."

Dulles said more than three-fourths of the foreign aid funds are spent in the United States.

## Rev. Z. B. Dally, 88, Succumbs in Local Hospital

The Rev. Zell B. Dally, aged 88, died Monday in a local hospital. A retired Baptist preacher, he came to Hope from Texarkana about 10 months ago.

Survivors include his wife, Mrs. Maggie D. Dally, four stepdaughters, Mrs. Dally Gillespie of Hope, Mrs. C. W. Russell and Mrs. Roma Cecil of Marshall, Texas and Mrs. Joe Everett of Rockport, Texas and a brother, Hale Dally of Harrison, Ohio.

## Rules Dog Racing Is Not a Lottery

LITTLE ROCK (UP)—The Arkansas Supreme Court said today that greyhound racing is not a lottery because it "affords an opportunity for the exercise of judgment."

The court, in unanimous opinion written by Associate Justice George Rose Smith, said the question in a case appealed from the Arkansas Circuit Court was whether pari-mutuel betting on the dog races violates the constitutional provision against lotteries.

"We do not suggest that pari-mutuel betting upon a greyhound race is a venture whose success is determined entirely by a player's judgment and skill. That is not the question, for every form of gambling involves to some extent the element of chance. On the facts before us, it is clear that this form of legalized gambling affords an opportunity for the exercise of judgment and therefore cannot be classified as a lottery where chance alone must rule," the opinion said.

Original Defendants  
This suit was started by several residents of Crittenden county. The original defendants were the State Racing Commission and the State Revenue Commissioner. The Southland Racing Corp., was brought into the case later after it received a permit to conduct greyhound racing in Crittenden county.

In the lower court, the charged for said the statutes allow betting on dog races.

## CALIFORNIAN DIES IN ITALY

VENICE, Italy (UP)—American tourist Gil Lavern Noyes, 55, of Palos Verdes, Los Angeles, died of a heart attack in his sleep at a hotel here Sunday.

New York has 1,850 miles of detailed tidal shoreline.

## Robbers Break Into Safe at Pine Bluff

PINE BLUFF (UP)—Robbers broke into a Pine Bluff cleaning establishment sometime Sunday and hauled off a 400-pound safe containing between \$700 and \$800 officers reported today.

E. E. Leslie, owner of the Leslie Cleaners (809 Linden) told officers that someone broke into his plant by forcing a padlock on the front door, breaking a glass and tripping the night latch.

They went to his office and knocked the knob off the safe but were unable to open it. Then they rolled it through the plant to the front door and loaded it into a car or truck.

A neighbor saw the door open early today and called officers. The plant is located just outside the business section of the city in a residential shopping district.

## Youngsters Shoot Up a Okla. Town

WOODWARD, Okla. (UP)—Two youngsters aged 10 and 12 went on a shooting rampage Sunday, killing one man, wounding two others and terrorizing the town before they were captured.

The gunplay began after the boys walked into grocer Floyd Blair's store, where Blair was cleaning a rifle. They asked him if the gun was real and other questions until Blair refused to answer any more.

"I suppose you think these aren't real," the boys then told Blair, each pulling a .22 caliber pistol from his pocket.

A blaze of gunfire erupted and when the boys fled Blair lay dead on the floor of his store and an employee, Adrian Wilson, 22, and a customer Edward Kinney, 47, were wounded.

The boys, Robert Smith, 12, and his brother, David, 10, dashed out of the store and ran down the main street of Woodward, shooting out windows in downtown businesses as they fled.

A few Sunday afternoon pedestrians scurried for cover as the boys emptied their guns.

Robert fled to a nearby building where he had three pistols and a rifle stashed and holed up. David ran into a theater.

"I'll shoot the first one I can see," Robert called out as officers closed in on him. Sheriff Henry White fired a tear gas bomb into the building.

"I had to bluff him," White said. "I told him I didn't want to shoot him, but I would. Then he dropped the guns and came to me."

"I would have shot you," Robert said later to officers.

David, meanwhile, was picked up several blocks away. He still had his gun, but made no attempt to use it.

Robert told White he and David "just wanted to rob a store," so they went into Blair's grocery. They had stolen the guns from an Army surplus store.

## Lost Child Died From Exposure

POINT PLEASANT, W.Va. (UP)—A corner said today that 5-year-old Johnny McKinley, object of an intensive six-day search, died of exposure probably the first night he spent outdoors.

The child's body was found Sunday on the farm of Joe Yester in a remote area about three miles from the tenant farm of Johnny's parents. The boy disappeared last Monday.

Dr. Oliver Eshenaur, Mason County coroner, said an autopsy showed Johnny died of exposure in the three inch snow which blanketed the area Tuesday.

The child was clothed in a T-shirt overalls, a sport shirt and no shoes.

L. C. BYERS, Commissioner

March 17, 24, 1958

## State Firms Purchase Rough Rice

DALLAS (UP)—The Commodity Stabilization Service announced today that two Arkansas county firms participated in the purchase of 275,523 hundredweight of rough rice last week.

Arkansas Rice Growers Cooperative Association of Stuttgart bought 116,823 hundredweight at prices ranging from \$9.74 to \$10.08 per cwt. The Smith Rice Mill, Inc., of DeWitt bought \$6,120 hundredweight at \$10.08.

Seven other millers in Texas, Louisiana and Tennessee took part in the sale.

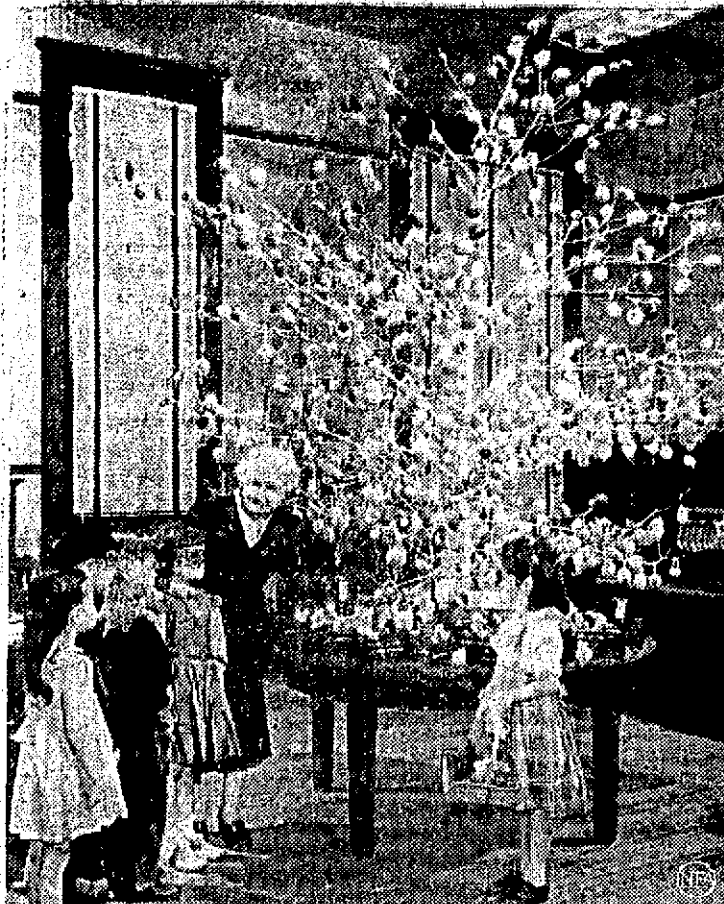

C. H. Moseley, director of the Dallas office said the millers have the option to deliver 141 or any part of the resultant U.S. No. 4 or better milled head rice to Commodity Credit Corporation or to keep all or any part of it. The maximum amount the CCC will accept, however, is 172,329 hundredweight.

All of the other-broken rice, approximately 16,398 hundredweight must be delivered to the CCC.

Moseley said bids were rejected on 24,879 hundredweight.

Bids will be received up to noon Wednesday, March 26, on an additional 349,859 hundredweight of rough rice for milling.

OLD GLORY PRESERVED  
The American flag which inspired the nickname "Old Glory" is preserved in the United States National Museum. Because of its early worn condition, it cannot be exhibited, but is carefully kept in a mothproof steel locker.

EASTER EGG PLANT—Some 1,500 Easter "blossoms" trim the tree that librarian Berta C. Heller shows visiting school children at the Decatur, Ind., Public Library. The librarian, inspired by the Pennsylvania Dutch custom of decorating trees with colorful Easter eggs, first "planted" the tree six years ago. She is thinking of replacing the white-painted sassafras because it is too small to hold the eggs sent to her from all parts of the country each year.

## Would Get Tough on Scooter Riders

LITTLE ROCK (UP)—The state police captain in charge of the safety education division said Sunday he wished someone would start a campaign to keep children under 16 from riding motor scooters.

Capt. Jack Rhea said the state police have not started such a campaign, but would probably support one.

St. W. J. Files, of the safety education division, said he believes a 1955 law allowing children under 16 to get motor scooter licenses might be in conflict with a 1937 drivers license law. The earlier law said a person has to be 16 to get a license to operate a motor vehicle.

## Arkansas to Be Cooler on Tuesday

By UNITED PRESS

The weatherman said today it will be cool in Arkansas through Tuesday, mild Wednesday, and cool again the later part of the week.

No rain was forecast until showers and thundershowers about next Thursday and Friday.

Rain was heavy, however, over much of the state Sunday, pouring more than three inches of Blytheville for the 24-hour period ending at 7 a.m. today.

More than one inch but less than

two was measured at Hot Springs, Gurdon, Flippin, Newport, El Dorado, Morrilton, Calico Rock, Damascus, Marshall and Batesville.

Rain was less heavy in the extreme west-central portion around Fort Smith, Ozark and Ozark. It fell in smaller amounts, however, throughout Arkansas.

The forecast said it would be cloudy to partly cloudy and cool this afternoon, tonight and Tuesday, and partly cloudy and mild Wednesday. Highs today will be in the high 40's to near 50, lows tonight in the mid 30's to mid 40's, and highs Tuesday in the 50's.

The high in Arkansas Sunday was 68 degrees at Texarkana, and the low today was 37 at Fayetteville.

The extended forecast — Monday through next Saturday — said temperatures will average four to eight degrees below the normal maximum of 67 and the normal minimum of 46. It will be cool until a rising trend is felt Wednesday, and cool again at the end of the period. Precipitation will be moderate to locally heavy in showers and thundershowers mainly next Thursday and Friday.

At 11 a.m. today, skies were cloudy in Arkansas and across the river at Memphis where a light drizzle was reported. Fayetteville had 40 degrees, Flippin 41, Walnut Ridge and Fort Smith 45, Little Rock 48, Texarkana and Memphis 49, and El Dorado and Pine Bluff 51.

Geographic center of the United States is in Smith County, in the northern part of Kansas.

## FIRST FLIGHT

First aircraft flight in the British Empire took place on the frozen waters of Baddeck Bay, Nova Scotia, Feb. 23, 1909. The plane, "Silver Dart," was piloted by Dr. Alexander Graham Bell, inventor of the telephone.

## "My Business is Groceries..."

"It is my business to give the people of this community the very best in food values, prompt service, courteous treatment. The kind of merchandise that goes on my shelves has a lot to do with my success, so I buy good products that are made and packaged in accordance with the well known standards of quality, weight and measure. Buying and selling on the basis of these standards protects my customers and my business."

"I know from experience that good newspaper advertising is the best way to tell people the news of my store. In my opinion, newspaper advertising is not only the most effective way for me to advertise, it is also the safest way. When I spend money in newspaper advertising I make my investment on the basis of verified circulation figures and values that are as well known and important in advertising as the standards of weight and quality that I use in my own business."

The information the grocer refers to is found in reports issued by the Audit Bureau of Circulations. This is a cooperative, nonprofit association of 3,975 publishers, advertisers and advertising agencies. The work of the Bureau is to furnish advertisers with audited information about the circulation of its publisher members.

At regular intervals the A.B.C., of which this newspaper is a member, sends

an experienced circulation auditor to make a thorough inspection and audit of our circulation records. The FACTS established by this audit are published in an A.B.C. report which tells you: How much circulation we have; where it goes; how obtained; how much people pay for our paper; and many other FACTS that you need in order to KNOW what you get for your advertising money.

This newspaper is a member of the Audit Bureau of Circulations.

Advertisers are invited to ask for a copy of our latest A.B.C. report.

Mrs. Paul McGee opened the meeting with prayer and Mrs. Jack Watkins led the singing. The devotion was given by Mrs. Paul Church on "Resurrection". The seven members and three visitors, Mrs. Earl Borden, Cynthia and Terry Collier were

## Opera Stars of Today Have Trim Figures

By BOB URG

United Press Staff Correspondent

NEW YORK (UP)—Do you think of opera stars as ponderous creatures who live at an 18th Century pace? Think again, you square.

Take a look at Mildred Miller, Metropolitan Opera star. On a look at her spells glamour. She's a beauty with a slim, trim figure that is built right around a whopping but velvety mezzo-soprano voice.

But that is not the subject of today's sermon. Let us delve, instead, into the way that voice gets around. Sometimes we just don't realize what the airplane hath wrought in terms of world shrinkage. Miss Miller moves, mah.

**More Flying Time**  
Her husband is an Air Force lieutenant colonel. Yet, week in and week out, she averages twice or three times as many hours in the air as he does. Each year after a three-month New York stay with the Met, she embarks on a dizzying concert whirl that is hard to believe.

Take last summer. In June she was in Washington. All ready to go for concerts, she flew to Frankfurt and Stuttgart, Germany, back to Washington for three days, to Ipswich, Mass., to Vancouver, B. C., to San Francisco and then back to Washington. Her husband was being transferred from the Pentagon to Denver. She packed, moved to the household to Denver, hopped to Brevard, N. C., for a concert and then returned to Denver for four weeks of homebodying.

Then, like a bolt, she was off to New York for the Ed Sullivan TV show, then back to Stuttgart for two weeks, back to Denver for one night. Next day, Klamath Falls, Ore., and every other day thereafter, concerts in this order: Palo Alto, Calif., San Angelo, Tex., Chicago, New Orleans, Albany, Ga., Waycross, Ga., Hickory, N. C., and into New York for the Voice of Firestone program.

**Caught On The Wing**  
I caught this fleeting lark as she buzzed into New York one morning during a snow storm. Miss Miller takes 40 pounds of baggage around the U.S. with her—consisting mainly of two "rather complicated" concert gowns. For Europe, she cuts it to 35 pounds, "thanks to daeron and nylon."

"Where did you come here from last night?" I asked. "Kinston, N.C.," she said. "Had a concert. And before that, I was in Kentucky, and before that, Kansas, and before that, Arkansas."

"Mercy sakes. You pausing here long?"  
"Goodness, no," said the lovely lady. "I'm leaving tomorrow for Newfoundland. Got to get my hair done now. See you around."

## May Charge Mother of Molested Girl

LITTLE ROCK (UP)—Pulaski County Prosecuting Attorney J. Frank Holt said Sunday he may charge the mother of a 10-year-old girl, supposedly molested Saturday night, with criminal neglect.

Holt said he will talk with juvenile authorities to decide whether or not charges would be made. The woman was questioned and released Sunday.

"It's definitely a case of neglect on her part," Holt said. According to police, Chester L. Griffith, an upholsterer, admitted taking the girl to his room where he supposedly molested her.

The girl had gone to a movie with a brother and sister. Holt ordered the police to hold Griffith without bond.

## Rockets Committee Recommendations

WASHINGTON (UP)—Legislative recommendations of the Senate Rockets Committee:

Control pension, health and welfare funds — bills already introduced; committee "strongly recommends" passage.

Control union dues funds — close "loopholes" in reporting requirements now in the law by making false filing a federal crime; perhaps restrict use of funds under regulations similar to banks and other trust groups.

Insure union democracy — try to require periodic election of union officers; use of secret ballots in elections; limit use of trusteeships.

Middlemen — extend penalties for unfair labor practices to middlemen retained by management.

"No-man's land" — National Labor Relations Board should take greatest practicable jurisdiction; state agencies should be authorized to move in if he declines to do so.

**Jonesboro Plans Golf Tourney**  
JONESBORO (UP)—The 10th annual J. W. Buzick Memorial golf tournament will be held May 22-24 at the Jonesboro Country Club.

Local officials expect about 150 amateur and some 20 professional golfers to compete for the \$2,000 in merchandise and cash.

## McCaskill Takes First Step

McCaskill Home Demonstration club has taken the first step towards the beautification of a vacant lot in this northern Hempstead county community by erecting a sign which shows a map of Redlands township. Shown inspecting the sign is Mrs. R. G. Shuffield, hospitable chairman for the McCaskill RCI club, right, and Mrs. Loy Rodgers, president of the McCaskill Home Demonstration club, left.

**MIKE TODD DIES IN PLANE CRASH** — Move producer Mike Todd has died in the crash of his private plane near Grants, New Mexico, en route to a testimonial dinner in New York City. His wife, actress Elizabeth Taylor, was not aboard. The couple are shown in a New York City night club during the first public appearance after their wedding in Mexico in 1957. Screen writer Art Cohn and Todd's two pilots also died in the crash of the twin-engine plane as it fought through stormy weather in mountainous country. — NEA Telephoto

## DOROTHY DIX

In-Laws Not as Bad as Tall Tales Claim

Dear Dorothy Dix: Four months ago my husband and I were married secretly because he wasn't making enough money to support me. However circumstances have forced a revelation of our secret. He's still without a job, and living with his folks. I'm home with my people who are violently opposed to my marriage at all and marriage with Jerry in particular. My husband's people have been very kind and have invited me to come live with them. I'm afraid to do so because I've always heard that a mother-in-law and daughter-in-law cannot get along well, especially under the same roof. My husband and I love each other dearly, and are sure we can have a successful marriage once we get settled.

Dear Donna: Your mother-in-law's kind and generous offer to take you in should certainly be accepted. Don't let foolish hearsay keep you from being an affectionate, considerate daughter-in-law to her. The important thing is for you and your husband to be together during this critical first year of marriage. If you begin by remaining apart, marriage will assume a casual tone that will be difficult to correct later on. Go to your husband's home; let everyone know how appreciative you are that they're permitting you and your husband to remain together, and please get over these ridiculous "in-law" stories. If people would only forget these traditional libels, many marriages would get off to a much better start.

Dear Dorothy Dix: Tony and I have been in love for three years. We have many fights over silly things but he won't make the first move back to me even if he's wrong. He says it's pride. We've split up again and I don't know if I should go back to him.

Dear Carole: You're entitled to your pride, too. Don't continue this folly of going back unasked and uninvited. Make Tony to some crawling too. If he doesn't, you have lost nothing but a conceited, obstinate young man who never would make a considerate husband.

Dear Dorothy Dix: My husband is an only son and is idolized by his parents. They adore me, too, and are, if anything, too good to us. I hate to be small, but there is one thing I can't stand. I don't mind when my husband kisses his mother, but when he kisses his father that's too much. Don't you agree? PAMELA

Dear Pam: You admit you're an undemonstrative person. Therefore, any exhibition of affection would annoy you. Remember, your husband's family and background produced a fine man for you, a wonderful father for your children, so why grip over a minute detail? I think it's wonderful to have

a father and son close enough to show affection for each other. I hope your children will feel the same way.

**McRae Andrews**  
ENGINEERING AIDE with the Miller Co. work unit of the Soil Conservation Service, McRae Andrews, has returned from a 5-weeks training course at the University of Georgia, Athens, Ga. Also attending from Arkansas were W. B. Davey, Calvin Marshall, and Max Bolat. They received instruction in Soil Conservation activities both in the field and classroom.

## Four Soldiers Are Identified

SEOUL, Korea (UP)—The U.S. Army today identified four soldiers killed Friday when their H-19 helicopter crashed five miles east of here.

They were: Capt. Morton C. Harris, 441 Alameda St., Billimore; Lt. Robert C. Shumar, 948 1st National Bank Bldg., Brownsville, Pa.; Chief Warrant Officer Walter G. Jamieson Jr., 120 Hawthorne Ave., Pawlucket, R.I.; and SP-3 James E. Winchester, Box 484, Rayne, La.

**REPORTS ON HONDURAS**  
TEGUCIGALPA, Honduras (UP)—Whiting Willauer, former U.S. ambassador to Honduras, was scheduled to leave for Washington today to report to the State Department on problems faced by Honduras in the field of international policy.

Dear Dorothy Dix: My girl friend and I both like the same boy. He only comes to see me after he's visited her but says he likes me.

Dear Billie: You don't want any one's love. Give in to the compulsion and get yourself another beau.

## Production Limited at Metal Plant

EAST CHICAGO, Ind. (UP)—The Indiana Harbor plant of the Youngstown Sheet and Tube Co. resumed limited production Sunday in the wake of a three-day protest strike by about 10,000 steelworkers.

A Youngstown official said it would take about a week before all workers are called back and full production resumed.

The members of Local 1011 of the United Steelworkers of America walked off the job Thursday afternoon when shop steward Bernard White, 44, Michigan City, was suspended from work for five days.

The suspension stemmed from a protest by White over the "declassification" of another employee by the shop foreman. Witnesses said the foreman suspended White on the spot during the heated argument.

When White walked out of the plant, other workers followed and set up picket lines.

The workers agreed to return to work Saturday after a two-hour meeting during which a USW official pleaded with them to end the walkout.

Lester Thornton, a USW official, said the company has agreed to hold a hearing on White's suspension this week.

## UAW Demand Given to G. M. Leaders

DETROIT (UP)—The United Auto Workers puts its 1958 contract demands on the bargaining table at General Motors Corp. on Tuesday.

Walter P. Reuther, UAW president, has emphasized the importance of the opening of this year's negotiations by announcing he will attend Reuther in recent years has joined the contract negotiations only after they reached a climax.

The present three-year contract with General Motors expires at midnight May 29. Ford and Chrysler contracts expire June 1. UAW-Ford talks will start next Monday. Chrysler talks will begin Tuesday, April 1.

The union is asking for an annual wage boost of at least 10 cents an hour, bigger and longer unemployment benefit payments, a 20-per-cent boost in pensions, job security and severance pay in plant closings. Industry spokesmen have said the "economic package" asked will total 35 cents an hour or better.

## QUAKE IN JAPAN

SENDAI, Japan (UP)—A fairly strong earthquake rocked this city north of Tokyo today. The Sendai meteorological station said the quake occurred at 5:30 a.m. There were no reports of damage.

First successful blood transfusion techniques were developed by Dr. George Crile, Cleveland, Ohio.

## If you were born before 1900...

Let us tell you how you can still apply for a \$1,000 life insurance policy (for people up to age 80) so that you can help take care of final expenses without burdening your family.

You handle the entire transaction by mail with OLD AMERICAN of KANSAS CITY. No obligation. No one will call on you!

Tear out this ad and mail it today with your name, address and year of birth to Old American Insurance Co., 3 West 9th, Dept. L303B, Kansas City, Missouri.

## Mr. Churchill is Ailing Again

ROUSEBURN, N. H. (UP)—Lord Moran, physician to Sir Winston Churchill for many years, left London today by plane to visit the ailing statesman who is suffering from a recurrence of pneumonia.

He was accompanied by Mrs. Mary Soames, Churchill's youngest daughter. Both indicated that the visit was not due to any emergency, and doctors said there was no cause for alarm over the 83-year-old statesman's condition.

Churchill suffered last month from pneumonia and pleurisy. He was believed to have recovered but he postponed his return to Britain and a general feeling of tiredness forced him to bed last week. On Saturday he showed definite symptoms of a respiratory illness.

## Ark-La Plans to Improve Lines

LITTLE ROCK (UP)—The Arkansas-Louisiana Gas Co. is planning a \$447,000 improvement of its 200-mile pipeline from East Texas to Central Arkansas, according to W. R. Stephens.

Stephens, chairman of the board of the gas company, said the improvements will enable the company to deliver about 10 per cent more gas through the line than at present. He said new fittings and equipment will be installed at several points along the line which runs from the Carlisle, Tex., gas field to the Perla metering station near Malvern.

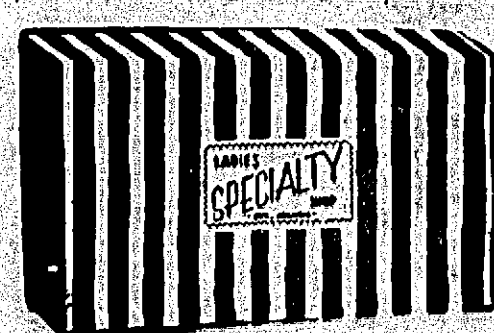

**HIGH ACCIDENT RATE**  
Accidents result in permanent disability to one-third of a million persons in the United States every year, according to the Encyclopedia Britannica.
